\$1,636,000.00

**GENERAL CHARACTER:**

This project is a multi-purpose facility with two levels of educational centered classrooms around a Worship Center. The Worship Center for 500 persons also serves a Fellowship Hall with direct access from a warming kitchen. Construction is load bearing cold-rolled metal studs with brick veneer (ground floor) and EIFS (2nd Floor). Many civic groups use the facility to record in due to its excellent acoustic performance.
