

PROJECT:

Snyder Memorial Methodist Church
Renovation and Rehabilitation

LOCATION:

Jacksonville, Florida

CONTRACT NUMBER:

N/A

NATURE OF INVOLVEMENT IN THIS PROJECT:

Architect of Record

POINT OF CONTACT AND TELEPHONE NUMBER:

City of Jacksonville
Department of Public Works
William Joyce, P.E.
(904) 255-8762

CONSTRUCTION COMPLETION/PERCENT:
May 2005 (Partial Completion)

ADDRESS:

226 North Laura Street
Jacksonville, Florida 32202

TOTAL COST:
\$2,250,000

GENERAL CHARACTER:

Adaptive re-use of this 100 year old historic Methodist church for a music practice and performance hall. New fire sprinkler, building systems, and performance platform enlargement brings the facility and safety up to current need. Existing materials and finishes are being repaired and matched closely to original materials. The Jacksonville community will continue to enjoy this beautiful facility for many more years. New performance theatrical lighting and sound systems as well as acoustical modifications will allow for a variety of performances both vocal and instrumental. The existing organ will be retained for concert use.
